KID PIX® 3D - Mac, Win (including Win Pro tablets)

Ages 4 and up

The biggest leap forward in a decade for the #1 kids drawing and painting creativity software, KID PIX 3D has everything your young artists need to tell their stories and adventures on screen. The "3D" part of the name refers to the wonderful rounded new 3D animations and multilayered 3D backgrounds. Easy path animation lets characters hop, jump and fly around the screen, text-to-speech voices bring stories to life, and a hundred wonderful movie backgrounds add a touch of Hollywood. Using a variety of animated costumes, students can star in their own digital documentaries. And with the new "flipbook" button students can easily create a 60-second animated short story all their own. *(Mac OS X 10.4 - 10.11, Windows XP and later, including Windows 10 and Windows Pro tablets)*

Spanish edition also available.
Coming Soon for iPad!

TechnoKids® KID PIX 3D Curriculum Bundle

Grades PreK-3

Going into the computer lab with students should be enjoyable. With that in mind, TechnoKids has created KID PIX Curriculum, a project-based curriculum series for early learners comprised of five separate Projects (TechnoNumbers, TechnoLetters, TechnoColors, TechnoShapes and TechnoBasics). Each of the Projects includes activities, templates and lesson plans. Also available, (and included for free in the discounted Curriculum Bundle) is an Activity Book with 20 activities and 10 workshops for students. Designed for use with Software MacKiev's award-winning KID PIX 3D software for Mac and PC, KID PIX Curriculum provides a structured program of computer activities that are perfect for preschoolers, kindergartners, and Grade 1-3 students.

$120.00 * Curriculum Bundle (All 5 Projects + Activity Book)

* Site license per school

KID PIX 3D Glasses 20 Pack For use with KID PIX 3D

Only two pairs of glasses come with each order of KID PIX 3D. But if you would like to teach your students about the principles of stereoscopic images, or just let them enjoy the fun of seeing their creations appear to jump off the screen, we offer bulk packs of twenty pairs of 3D glasses at an economical cost.

Note that the glasses are not worn while students are creating their projects with KID PIX 3D. It's only when their animated pictures are complete that they click the "Export to 3D" option that creates a copy with 3D stereo effects.

$15.00 20 Pack

The Print Shop® 3 - Academic Edition - Mac

Grades 1 and up

Our new academic edition empowers teachers and students to create impressive print projects such as certificates, newsletters, booklets, calendars, and greeting cards. It enriches learning across the curriculum and enhances organizational, design, and publishing skills. This version has a new project type (crafts), a QR Code Maker, a "smart snapping" layout tool, new cropping tools, amazing artistic effects, and three new kinds of text. And our editors have built a collection in which all images would be suitable for a third grade classroom. *(Mac OS X 10.6 - 10.11)*

$21.00 Mac OS X | $15.00 Mac OS X Upgrade

HyperStudio® 5 - Mac, Win

Grades 3 and up

HyperStudio's flexible environment offers students a creative space where they can express ideas and attitudes, probe and evaluate, all while using the latest technologies. Challenge your students to think critically and creatively while writing in images, text, sound, movies, and animations. *(Mac OS X 10.4 - 10.11, Windows XP SP3 and later, including Windows 10)*

$21.00 Mac OS X | $15.00 Mac OS X Upgrade | $21.00 Windows | $15.00 Windows Upgrade

HyperStudio® AUTHOR - Mac, Win

Grades 3 and up

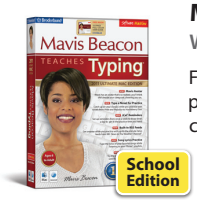

The perfect iBooks Author companion, HyperStudio AUTHOR is an elegantly simple way to create extraordinary interactive books for the iPad. HyperStudio AUTHOR contains HyperStudio 5 features that will work in iBooks Author projects and HTML5-based web apps. *(Mac OS X 10.7 - 10.11, Windows XP SP3 and later, including Windows 10)*

$15.00 Mac OS X

Keyboarding

Mavis Beacon Teaches Typing® - Academic Edition - Mac, Win

With Classroom Manager Server Software

Grades 1 and up

For more than 25 years, Mavis Beacon has provided dynamic personal instruction, placing students in lessons based on their current skill level and adjusting their path as their typing improves. The enhanced Classroom Manager now allows teachers to easily set goals for a single student or an entire classroom at once, set and change student passwords and more! Both speed and accuracy count in competitive racing games played over the school's network. And for motivation to practice, students can type RSS feeds, song lyrics or the entire text of dozens of classic novels from Pride and Prejudice to Adventures of Huckleberry Finn. *(Mac OS X 10.5 - 10.11, Windows XP and later, including Windows 10)*

$21.00 Mac OS X | $15.00 Mac OS X Upgrade | $21.00 Windows | $15.00 Windows Upgrade

Reference & Geography

WORLD BOOK® Encyclopedia - Mac, Win

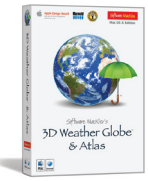

Grades 3 and up

WORLD BOOK is a remarkable research tool that provides an entertaining and involving way to access the full information of the 22-volume WORLD BOOK Encyclopedia, plus thousands of photographs, video clips, animations, famous speeches, historical timelines, editor-selected Web sites, and much more. The full reference suite comprises the main encyclopedia, WORLD BOOK Dictionary, a 3D Globe and distance calculator, the WORLD BOOK Trivia Challenge game, and the Media Showcase and This Day in History widgets. *(Mac OS X 10.5-10.11, Windows XP and later, including Windows 10)*

$14.00 Three Licenses or More | $9.00 Upgrade: Three Licenses or More

3D Weather Globe™ & Atlas - Mac, Win

Grades 3 and up

An ideal tool for teaching science, geography, weather, and astronomy, 3D Weather Globe goes well beyond traditional classroom flat maps. Using NASA satellite maps, students can locate cities, plot routes, and view country borders. Real-time cloud cover and 7-day forecasts give students a view of weather worldwide. *(Mac OS X 10.3 - 10.11, Windows XP and later, including Windows 10)*
